

Cost of a custom e-commerce website

The prices below are based on \$50/h which is an average software development rate in our region (Ukraine).

	Min	Max
*Time	350 hours	1900 hours
*Cost	\$17,500	\$95,000

*The time and cost values may vary depending on your demands to the project and its complexity. The numbers above represent a rough estimate and shouldn't be perceived as the final price of a similar project.
